

AVIS AUX USAGERS N°04

ELECTRICAL MAINTENANCE

Power supply interruption for maintenance

Start : 17/09/2026 – 08h00

Finish : 17/09/2026 – 12h00

All facility users of MARINA FORT LOUIS are hereby kindly informed that, as part of the scheduled general maintenance of the marina's electrical installations from **September 8 to 22, 2026**:

- Maintenance work on the dockside electrical installations will result in **brief power interruptions at the shore power pedestals** as the work progresses;
- A **general power outage is scheduled for September 17, 2026**, from 8:00 a.m. to 12:00 p.m. (4 hours) to allow for maintenance of the HV/LV transformer substation.

Maintenance company personnel manager:

- Mr. Julien BRIEF, Project Manager, EGER - Mobile: 06 90 68 52 15

AFFECTED AREA(S)	DATE	TIME
Marina Fort Louis All areas	17/09/2026	08:00 AM to 12:00 PM

Note : Scheduled times and durations are approximate.

MEASURES & GUIDELINES

CAUTION: Power may be restored at any time during the scheduled hours.

For your safety, please treat all circuits and electrical equipment as being LIVE at all times.

Vessels are advised to disconnect from the power supply as a precaution, to avoid damaging sensitive equipment when power is restored.

We apologize for the inconvenience and thank you for your understanding.

Port Management

Dissemination: Mailing to vessels in Port, Marina Office notice board, Website
