

NOTICE TO MARINA USERS N°03

UNDERWATER WORKS

Maintenance of mooring equipment

Start : 08/09/2026

End : 10/09/2026

All facility users of Marina Fort Louis are kindly informed of the carrying out of underwater maintenance work for the annual upkeep of the marina's mooring equipment.

Maintenance company personnel supervisor :

- Mr Florent PERRIN, KUKA DIVERS TRAVAUX SOUS-MARINS, Ph : +33 624 42 48 28

On-site resources: Vessel « LE SNOOK », equipped with an alpha flag and divers. Monitoring on VHF Channel 16.

INTERVENTION AREA(S)	DATE(S)	TIME(S)
ALL DOCKING AREAS	Start : 08/09/2026 End : 10/09/2026	8:00 AM – 4:00 PM

Note : Scheduled times and durations are approximate.

SPECIAL MEASURES & GUIDELINES

CAUTION : Users are asked to exercise caution and keep their vessels well clear of the work area, approaching divers at a very low speed. Should you find yourself in the work area at any time, comply at all times with instructions given by maintenance company personnel.

Adjustment to mooring lines or the temporary relocation of vessels may prove necessary to carry out these operations successfully. The Harbor Master's Office will contact boat owners or captains if needed.

We thank you for your understanding.

Port Management

Dissemination: Mailing to vessels in Port, Marina Office notice board, Website
